15:25	<b>Closing Remarks</b> - Mrs. Alissar Nasr Soubra, AMS 1984 Chief Academic Officer - AMSI Schools

**H.E. Saleh Mohamed Al Geziry, Al Mawakeb Al Garhoud, Class of 1998**  
Director General - Ajman Tourism Development Department

Saleh Mohamed Al Geziry, graduated from the Al Mawakeb School - Al Garhoud in 1998 to continue his educational career with a Bachelors in Marketing from the American University in Dubai then an Executive Diploma in Public Administration from the Lee Kuan Yew University of Singapore.

He started his career in 2002 with the public sector, joining the team at the Dubai Department of Tourism and Commerce Marketing (DTCM) as an Executive in the Overseas Promotions divisions, where he climbed the ladder to reach the role of Director Overseas Promotions and Inward Missions. Throughout his 12 years with the DTCM, Saleh managed to wear several hats both within his official scope of work which was promoting Dubai as a tourism and commercial hub around the world, in addition to the other Governmental committees he was a member of. Throughout this period, Saleh had many personal achievements as well such as winning the Dubai Government Excellence Award and graduating from the Mohamed Bin Rashid Leadership Program.

Moving from the public sector to the private sector, Saleh joined Meraas Holding in 2014 as the Director of Hospitality, then moving to the Retail division to then grow into their Vice President of Retail; looking after their retail destinations such as CITYWALK and THE BEACH, in addition to opening new destinations such as BOXPARK, The Outlet Village, Last Exit, Kite Beach, and CITYWALK's new extension; not forgetting the development of new projects which included Marsa Al Seef, La Mer, Bluewaters.

In May 2017, HH Sheikh Humaid Bin Rashid Al Nuaimi, Ruler of Ajman and Member of the Supreme Council of the Union, issued an Emiri Decree on the appointment of Saleh as the Director General of the Ajman Tourism Development Department. Apart from his professional career, Saleh was very active within the sports world from his childhood with being a member of school and university varsity teams and later playing for the UAE in both their Squash and Polo teams. He now enjoys his free time fishing and flying his falcons, where he has also turned his hobby into a business by opening the first privately owned bird of prey center in Dubai."

**Peyman Al Awadhi - Al Mawakeb Al Garhoud, Class of 1993**

Travel Filmmaker at Peyman Al Awadhi Productions

- Bachelor of Business Administration from the University of Houston
- First English language travel show from the region

**Kareem Derbas - Al Mawakeb Al Garhoud, Class of 1995**

Co-Founder, Partner and CEO of Palma Holding

- Set up a podcast on the region's most exciting startups and entrepreneurial journeys aimed at educating the region's youth on the challenges faced and skills required to develop a successful venture in the Middle East
- Backpacked across 4 islands in Indonesia for 14 days entirely solo

“AMS I Voices” was born January 22, 2016 and we have not looked back since, in typical Al Mawakeb form. It all started when the AMSI CAO, herself an Al Mawakeb alumnus of 1984, had lunch with Hind Seddiqi’ 2001. The conversation yielded the conclusion that our alumni wanted to give back and what better way to do so but through an organized effort that calls upon other alumni to volunteer the most valuable thing they can, “their time” and offer their knowledge, expertise, mentorship and support to our students in the Grades 11 & 12. They are at the critical stage in their lives where their thoughts revolve around “what’s next” and our alumni wanted to share their successes, trials and tribulations.

This would prove to be an incredible journey that started at one lunch and more than 2 years later has seen over 140 alumni come back to our schools and impact the lives of our students. The AMSI Voices Steering Committee was formed and we could not wait to get started. Ms. Alissar and Hind were joined by Mania Merikhi’ 2000, Mariam Al Afridi’ 1999, and Mahra Al Khaja’ 2005 who were as committed to the AV vision and whose backgrounds would propel the work forward. AV was founded to become a networking platform for student empowerment, and this group was firmly dedicated to making it happen.

## AMS I Voices... Inspiring Future Generations...

*AMS I VOICES is a movement that was created by passionate people whose sole purpose is to genuinely benefit youth and prepare them for the future. It’s a passion that comes from the loyalty we have to our school and to the community of Al Mawakeb. We are all one big family, and for us to give back to our community and our family is a great honor. It gives me a great sense of accomplishment and pride to be a founding member of this great initiative. The great feedback we receive from the students and the amount of youth we inspire is such a joyful and enriching feeling, which keeps us going, and makes us dream big dreams for AMS I VOICES.*

The first AMSI Voices Conference took place on March 24, 2016 at the Roda Al Bustan Hotel; it was titled “Girls are Makers of Change”. We did not know what to expect, but we did know one thing, we wanted to make a difference, this conference delivered. 24 awesome young women, all Al Mawakeb alumni, lead by a stunning keynote speech by HE Reem Al Hashimi’ 1995, spent a whole day speaking with 350 girls from Grades 11 & 12, in panel discussions and a workshop that left everyone inspired; everyone including the alumni. The event was beyond success expectations and the

momentum from the conference continued for months. The following October 2016, it was time for the 2nd conference for the boys of G11 & 12. The Steering Committee had now evolved from 5 ladies, and we were joined by 4 gentlemen, Dino Drimakis’ 2005, Tarek Berri’ 2002, Firas Al Bannani’ 1999 and Mohammad Al Harmi’ 2001 who also believed in our vision “to give back, inspire, make a difference and touch the lives of our students”. Our keynote speaker this time was the CEO of DIFC, Mr. Arif Amiri’ 1993 and another 24 alumni came on that day to share their stories and impart their

knowledge. We saw a similar ripple effect of inspiration and motivation that overcame the day and kept going for months after.

The latest AMSI Voices Conference was in October 2017 and "what's next" was the theme. This time we brought the girls and boys of G12 together and we mixed our panels to include an awesome group of 28 alumni ladies and gentlemen who will yet again continue to inspire and model the dreams and aspirations of our seniors. We were once again honored to have HE Reem Al Hashimi '1995 be our keynote speaker and her memorable words impacted us all. In addition to the 3 conferences to date, our AV SC have also launched the "Monday 101's" program which every campus benefits from. One Monday every year, a group of 7-10 alumni visit every campus and run workshops for seniors. The objective is to teach a specific skill and the seniors rotate between 3-4 workshops that are of

interest to them. Topics range from "managing your finances" to "writing an effective CV" to "autocad basics" to "Yoga for beginners" to "how to handle setbacks" and many more. AV also has a "Who Are They: A glimpse into our AMSI Voices journey" event where all the AMSI Voices conference speakers in addition to a few other alumni are invited back to campus to share their stories with the seniors in a more intimate setting.

AMSI Voices have embarked on an incredible journey and the future looks bright ahead. We look forward to many more events to come and we remain committed to our vision. What made this initiative easy for us to undertake was the sense of family we always felt at our schools. We always knew our relationship with our school will not end after graduation and it is our time to give back to our family.

# Your VOICE

“ *Our vision is to give back, inspire, make a difference and touch the lives of our students.* ”

## **Hind Abdul Hamied Seddiqi**

*AMSI Alumnus - Al Mawakeb, Class of 2001  
Chief Marketing Officer, Seddiqi Holding*

come back for more. It's a great personal project I have taken on that feeds my soul in the most satisfying way, away from the corporate world I deal with on a daily basis. AMSI VOICES has frankly been one of the most emotionally satisfying projects I ever worked on because it is all about giving and the fruits we reap are so sweet only people who truly understand the meaning of joy will understand it.

### *Why is it important to Dubai?*

If this project gets duplicated and spreads to a bigger circle of youth in Dubai, and to a bigger circle of contributors it, will create stronger bonds amongst the diverse Dubai communities, it will create safe havens for lost youth who don't really know what's coming next, it will reduce a lot of failure percentages from students who have self doubt, it will create a healthy community at all levels. It will open healthy dialogues and will entice decision makers to make moves to better things and to solve issues that get into the spotlight from the different discussions that take place. For such an initiative to succeed with others it requires people like my AMSI community, genuine people with no hidden agendas, with a pure objective of giving back and serving to the best level it can. Imagine the amount of positive change a city can have if all its members embrace this philosophy; to give unconditionally for the greater good. This is what we do through AMSI VOICES and it is our way to give back to our Dubai.

### *How does being part of AMSI voices steering committee (avsc), founding or joining, make you feel?*

AMSI VOICES is a movement that was created by passionate people whose sole purpose is to genuinely benefit youth and prepare them for the future. It's a passion that comes from the loyalty we have to our school and to the community of Al Mawakeb. We are all one big family, and for us to give back to our community and our family is a great honor. It gives me a great sense of accomplishment and pride to be a founding member of this great initiative. The great feedback we receive from the students and the amount of youth we inspire is such a joyful and enriching feeling, which keeps us going, and makes us dream big dreams for AMSI VOICES.

### *What does it mean to you?*

After witnessing the great results of our initiative in the past 3 years, and the

amount of positive energy the AMSI VOICES committee members have and share, I have a bigger drive to sustain this initiative and see it grow. It is now a mission we are all on which we would like to see grow and become a benchmark for other schools and academic institutions to spread the knowledge and guidance our youth need from us. We also learned a lot from the students we serve, it is an eye opener to all parties involved the givers and the receivers. My wish is for this positivity to reach as many students as it can, and as a parent I feel very comfortable that my children will have such great support and guidance when their time comes.

### *How has it affected your life?*

AMSI VOICES committee have become my family, a group of friends I meet with and have the most interesting discussions with, discussions that are meaningful and purposeful. The energy we all give to each other is so addictive and makes us

**Mania Merikhi**

*AMSI Alumnus - Al Mawakeb, Class of 2000  
Marketing and Communications Consultant*

I feel happy and excited to be part of such a committee as everyone brings invaluable experience to the table. It means a lot to me because it gives me the opportunity to connect with future leaders. It has had a very positive impact on me as I feel I am giving back to my School and the Society at large. It is very important to me as every meeting, every workshop, every conference is a journey towards leadership and excellence. It is important for Dubai because such platforms connect the students with the experienced workforce and corporate entities all under one umbrella for transfer of knowledge.

**Mahra Al Khaja,**

*AMSI Alumnus - Al Mawakeb, Class of 2005  
Project Manager, Emirates Global Aluminium*

generations, however, the amazing surprise was that I was inspired by them and by the other alumni who joined us on the journey. AMSI Voices Steering Committee is an opportunity for me to give back to my Dubai and my school, it is the least I can do in return for what my school has done for me. It is a pleasure for me to be part of a network that is rich in expertise and skills and offers a safe platform for the exchange of innovative ideas and experiences. Being part of AVSC makes me sense a stronger connection to my Dubai, and I feel like I am contributing more to HH Mohamed Bin Rashid's vision for youth across the UAE. Our platform gives us the chance to listen to our youth, and support them as they strive to achieve their aspirations.

AMSI Voices has now been involved for over 2 years in events and activities that have inspired our youth and given them

greater hope and drive to become our future stars. When I first joined AVSC, I thought we will be inspiring these young

*How does being part of avsc, founding or joining, make you feel?*

"Being part of AMSI voices?"... AMSI was always a part of me and it was with great pride and pleasure to welcome the opportunity; it was an honor to be selected for the role. Giving back to the school that had a big impact on my life and career is the least I can do for Al Mawakeb and AMSI.

*What does it mean to you?*

I get to explore and find ways to give back to the students, share my knowledge and career path with them, try to advise and direct them while at the same time sharing great memories that I myself had when I was at Al Mawakeb. It means I am with my family again, and that makes me feel validated and valued.

*How has it affected your life?*

The word family is something very precious and dear to every human being, AMSI is family to me and having this opportunity to give back to the students affected me in a way that can't be described in words. The feeling of love and comfort that I received from everyone at AMSI is priceless, it made me realize that the bond that was given to us from the Al Mawakeb family, its owners, supervisors and teachers is something that affected

**Mohammed Al Harmi,**

*AMSI Alumnus - Al Mawakeb, Class of 2000*

*Director, Corporate Development Department MBR Space Center*

me in a very positive way and no matter how much I write and try to explain how it feels, people will not understand the feeling that you get if you are an AMSI graduate; alumni, however, know exactly what I am talking about.

*Why is it important to you? to Dubai?*

These students are our future and the future of Dubai, and if we don't share our experiences and knowledge in a transparent, safe, and comfortable setting, we

would be denying them a chance to tackle next steps with greater confidence and ease. Through AMSI Voices involvement and events, these kids at Al Mawakeb & ISAS have an edge over other youth as we are getting their attention earlier and we believe this will help them make better decisions and of course in the long run, this will help Dubai in the future to grow much faster and be the best city in the world regardless of what career each student picks.

**Mariam Al Afridi,**

*AMSI Alumnus - Al Mawakeb, Class of 2000*

*Director, Government Communications & Head of Dubai Economy Accelerators*

AMSI Voices SC is a wonderful initiative that is very dear to my heart not only because I am an Al Mawakeb graduate but also because of its genuine, humanitarian and patriotic messages that revolve around giving back to our future generations and our beloved country. The involvement and investment of effort and time have been very rewarding sentimentally, emotionally and professionally. It revived in me the inner human who gives back and feels the happiness of giving. Since day 1 of its inception, I could see the connectivity in the world through our AMSI network! Everywhere I move I feel I am connected, grounded and have an even stronger backup. But above all, I am exhilarated by the opportunity to give back, support and share my experience. AV has become essential in my life, I am emotionally engaged with this cause and believe it is an essential initiative that our country needs to sustain its growth.
